

# CELTICA NOVA

The majestic sound of the Great Highland Bagpipe blends with a powerful band, the masterfully played violin expands the unique style with symphonic-epic melodies. Influences of Irish Folk and Scottish tradition merge with the energetic Celtic music. This sound, as international as the musicians - hailing from Scotland, USA, Bulgaria and Austria - and the spectacular show guarantee a concert no one will ever forget.

Fiery torches on the bagpipes and burning drumsticks, thundering against huge drums, create a captivating atmosphere; flame-shooting instruments entertain audiences worldwide. That's why Celtica is one of the most booked acts at Celtic, Scottish, and Renaissance / Medieval festivals.

Past festivals include Brevard Renaissance Fair (FL), MPS (Germany), NM Celtic Renaissance Fair, Grand Junction Renaissance Festival (CO), Medieval festival of Courage (CA), Yule Viking Festival (TX), Sherwood Forest Celtic Renaissance Festival (TX), St. Petersburg Renaissance Fair, a.m.m.

They toured from the legendary Wacken-Festival in northern Germany to southern Spain, and at numerous US- and Canada- tours from New York to San Francisco, from Florida up to New England, from Alaska to Hawaii.
